TO: Site File

DATE: 2/12/2014

SITE: Wilcox

SUBJECT: Telephone call to

(b) (6)

In coordination with EPA Enforcement Officer Lance Nixon, called this citizen today 2/12/2014:

Quick Notes from Voice Mail

- He worked at Bristow Hot Oil & Steam
- This company in business +- 40 years
- Dumped quite a bit of stuff
- Also cleaned truck and dumped near Hwy 16 and 48
- Dumped in the creek near Wilcox site, can show us the location.
- Gravel drive to the creek dumping area
- Dumped in many pits (onsite)
- Dumped wherever company could save money
- Company will take chemicals, mix with other stuff and dump these
- These were chemicals used to clean heat exchangers, caustic, acid
- Employed twice, 2008 through 2010 and 2005 through 2007
- Got degree in environmental management and now laid off
- To questions of where he dumped? To the right side of the site in oily pits. He can show where.
- To questions is this accessible? Yes, via dirt road.
- Dumping also in the creek.
- To questions if he has any documents? No.
- To question if he lives in Bristow now? No, he lives in Wagoner, OK, about one hour away.
- (Wagoner is a town south east of Tulsa, OK)
- He works nearby and can meet us there.
